Last revised September 18, 2024

1. Increased Medical and Mental Health Funding September 2, 2024

Both levels of government should increase spending to support ever increasing medical supports for seniors and mental health supports for youth

2. Increased Federal Defence Spending September 9, 2024

Canada should increase its federal Defence spending to defend our territorial Sovereignty. Specifically we should acquire greater Naval and aerial Assets such as submarines, other arctic water craft and air surveillance

3. Increased Progressive Taxation September 16, 2024

With increased health needs and aging population taxes should be increased. To solve equity issues the rich should pay an ever increasing rate. Tax breaks for the rich should be decreased.

Other Policies being considered:

Guaranteed Basic Income

Carbon Tax Policies

Immigration, Foreign Student Permits, Temporary Resident Permits (Haiti and Ukraine)
