George Hubbard was born in England possibly Guildford, Surry or Wethersfield, Essex. Tradition says he first arrived in Watertown about 1633 where he stayed for only a short time. George, his family, father-in-law and about 60 moved from Watertown Massachusetts to Wethersfield, Connecticut. He lived there for 3 years before moving to Milford Connecticut. Before 1650 he moved with his son-in-law to Guildford where his wife's parents John and Anne Bishop had preceded him and September 22, 1648 he bought of Jacob Sheaffe . He was admitted to Church membership in Guildford October 6, 1650. He was a Deputy Magistrate 1652, 1655, 1657-58, 60, 62 65-66. In 1666-67 he was a member of the assembly at the union of the Hartford and New Haven Colonies. In May 1670, the Court vested him with authority to “joyne persons in marriage”. He died in Guilford in January 1683.

### **Hadley, Hampshire Massachusetts<sup>2</sup>**

Hadley is a town in Hampshire County, Massachusetts, United States. The population was 5,250 at the 2010 census. The land boundaries of Hadley are Hatfield to the northwest, Sunderland to the north, Amherst to the east, and South Hadley to the south. Northampton borders to the west across the Connecticut River. There is also a tiny river border in the southwest with Holyoke and Easthampton. It is part of the Springfield, Massachusetts Metropolitan Statistical Area. It was settled in 1659 and was officially incorporated in 1661. The former Norwottuck was renamed for Hadleigh, Suffolk. Its settlers were primarily a discontented group of families from the Puritan colonies of Hartford and Wethersfield, Connecticut, who petitioned to start a new colony up north after some controversy over doctrine in the local church. The settlement was led by John Russell. At the time, Hadley encompassed a wide radius of land on both sides of the Connecticut River (but mostly on the eastern shore) including much of what would become known as the Equivalent Lands. In the following century, these were broken off into precincts and eventually the separate towns of Hatfield, Amherst, South Hadley, Granby and Belchertown.

Edward Whalley and General William Goffe, two Puritan generals hunted for their role in the execution (or "regicide") of Charles I of England, were hidden in the home of the town's minister, John Russell. During King Philip's War, an attack by Native Americans was, by some accounts, thwarted with the aid of General Goffe.

Hadley's transformation from an old agricultural order to the new form is the direct result of expansion of the nearby University of Massachusetts Amherst during the 1960s. Much of its former farmland was swallowed in the housing market stimulated by incoming faculty and off-campus students.
