The root of this particular Johnson family has been traced back to John Johnson whose son James was born, according to a 1891 census in 1832 in Northern Ireland. James married Anne Sanderson and settled in Omemee, Victoria County Ontario. They had a large family of at least 7 children. The eldest boy Robert gained the family farm and many of the other children headed West. Two sons Joseph and Lowry came to Kenora where many of their descendents live today.
